Prices are quoted per family from household income (asked on the booking intake). Client documents never show prices — the price goes in writing on the Services Agreement at signing. Standalone credit repair is not offered — a credit review + one repair month (1 dispute) comes only inside Budget + Credit ($49). Personal Plan signers promise the FULL YEAR: cancel early or stop paying and the rest of the year is due, charged to the card on file; unpaid balances may go to collections. Updated Oct 20, 2026.
