What you chose — together, we add the services you will go with (check all that apply)

When you agree to move forward, we check the services below with you and write in **your** prices — the prices we set for your family. Nothing starts until you say yes and sign.

( )	**Your Personal Plan — built for your child and your family, paid 50/50** We build your written plan from your intake: what to work on first, steps in order, deadlines, delivery Zoom included. **Email questions about your plan are included, free. First half is due when you sign (we start building). Second half is due BEFORE we provide your plan. If the second half is not paid, your plan stays ready, but it is not provided, until it is paid. **Your personal price: $_____ First half: $_____ Second half: $_____**	**50/50**

Please know

• Payments are made through Square. Work starts when the first payment is received.
• There is **NO guarantee of approvals**. SSA, insurance companies, and credit bureaus make their own decisions. We help you do everything right — we cannot promise their answer.
• We are **not legal attorneys**. If your SSA case is denied, email us right away — deadlines matter — and we can connect you with special needs attorneys who charge no upfront fee.
• There are **no refunds for services**. If you start the Personal Plan and do not pay the second half, your plan stays ready for you — it is provided when the balance is paid.
• For SSA filing help: you are the one who files and signs your application. Jessica guides you — she does not file for you.
