We Look First — Then We Price It Right

*Tell us what you need — your first consultation and intake review are **free**. We look at what you send us, see what your family really needs, and then offer you the right package — or one straight price.*

1 — WE LOOK
Free consultation + intake. We see who it's for, what you need, and what is already in place.

2 — WE MATCH
We tell you: Package 1, 2, or 3 — and why it fits what we saw in your intake.

3 — YOU DECIDE
Your price in writing. You say yes or no. No pressure, ever.

Built for middle to low income families — prices a family can truly afford. Se habla español. DISCLAIMER: No refunds for services; NO guarantee of approvals; we are not legal attorneys.

Office Guide — Read the Intake, Pick 1, 2, or 3

Use with the Booking Intake and the per-service intakes. Look at what the client actually shows you — then offer the package, or the straight price for that one need.

What to look at in the intake

• **Who is it for?** Child, adult child (18+), self, or family member — and their age. Turning 18 soon = transition need.

• **Services checked:** SSA / Life Insurance / Medication / Credit Repair / "Not sure yet." Count them — 2 or more checked points to Package 3.

• **What is already in place:** guardianship, Medicaid waiver, living plan, transportation, special needs trust, ABLE, power of attorney. "None yet" or "not sure" = more guidance needed.

• **Biggest concern (their words):** a denial, a deadline, a medication cost, a credit goal for housing — urgency raises the level.

• **Where are they in the process?** Not started / started on their own / denied. Started + one question = Package 1. Not started + full job = Package 2.

The decision — keep it simple

Say it like this (warm, no pressure)

English: "We looked at your intake. What we see is [need]. The right fit for you is Package [1/2/3]. Your price is [$__] — that is the whole price for that part, and here it is in writing. Take your time. When you are ready, we start."

Español: "Revisamos su formulario. Lo que vemos es [necesidad]. Lo que le conviene es el Paquete [1/2/3]. Su precio es [$__] — ese es el precio completo de esa parte, y aquí lo tiene por escrito. Tómese su tiempo. Cuando esté listo/a, comenzamos."

Office rules

• Never invent a price. If a need is not on the price list, price that one item straight, write it down, and give the total before any payment.

• Show the TOTAL in writing first on every Package 3 — no surprise add-ons later. Extra help is offered, never pushed.

• Built for middle to low income families: keep it to one clear price per job. No hourly billing, no open-ended totals.

• Credit Repair note: offers follow the current public plans (Credit Analysis + 1 dispute $150, Essential Repair $89/mo). Texas CSO registration is still an open item — check its status before enrolling new credit clients.
