# Getting Southern Oak Listed for Referrals

*What Rio set up, and the few steps only you can do. Made October 23, 2026.*

Your services in one line (use this everywhere): Southern Oak gives free step-by-step help to apply for Social Security benefits (SSI, SSDI, DAC), free medication assistance information, and a free life insurance consultation and quote. Credit repair is $149. All online, by appointment, Mon–Fri 3–8 PM. Website: southernoakfw.org — Email: southernoakfw@gmail.com.

## 1) Findhelp (findhelp.org) — national directory

Rio submitted Southern Oak for a listing. Findhelp reviews new programs (usually about 2 business days). When their email comes:

1. Go to findhelp.org/claims and create your free account with southernoakfw@gmail.com (you set the password — Rio never does passwords).
2. Click the verify link they email you, then search "Southern Oak Financial" and click Claim / "I Work Here."
3. In Edit Program Listings, turn ON referrals and set the referral email to southernoakfw@gmail.com.
4. Check the hours say: by appointment only, Monday–Friday 3:00–8:00 PM.

## 2) Superior HealthPlan — the call (about 5 minutes)

Call Carol Villarreal, Bexar County community representative: **210-374-1577** (Carol.Villarreal@superiorhealthplan.com). For the Valley: Vanessa Cruz, 956-564-0491. Have this sheet and your capability sheet in front of you. Say:

> *"Hello, my name is Jessica Alvarez. I own Southern Oak Financial & Wellness here in San Antonio. We help families with disabilities and special needs — free step-by-step help applying for Social Security benefits like SSI and DAC, free medication assistance information, and free life insurance talks. I'd like to be listed as a community resource your team can refer families to. Can you tell me how Superior adds community partners to its resource list?"*

Ask these 4 things:

1. Is there a partner agreement or vendor form (and a W-9) you need from me?
2. Can Southern Oak be added to the resource list your service coordinators use?
3. Do you hold community events or health fairs we could join?
4. Who covers the Rio Grande Valley for referrals — is that Vanessa Cruz?

After the call, tell Rio how it went — Rio has the follow-up thank-you email ready to send with your capability sheet attached.

## 3) Alamo Service Connection / Bexar ADRC (the sacrd.org directory)

Call **210-477-3275** (Alamo Service Connection, run by AACOG). Ask: "How do I add my organization to your resource database?" They will ask for: business name, what you do, who you serve (families with disabilities and special needs), cost (the main services are free), service area (San Antonio, the Rio Grande Valley, and surrounding cities — all virtual), phone/email, and hours (by appointment, Mon–Fri 3–8 PM). Your one-line description above is exactly what to read to them.

## 4) Google Business Profile — video verification (your step)

Your profile is built; it goes public after Google verifies you by video:

1. Sign in at google.com with southernoakfw@gmail.com and open your Business Profile (search your business name).
2. Choose "Get verified" → video recording. In one video, show: your work space, your Southern Oak sign or logo on screen, a paper with the business name (a flyer or business card works), and proof you run the business (the website or Square on your screen).
3. Upload the video and wait for Google's email. Tell Rio when it is approved and Rio will check the listing is complete.

## 5) Family organizations — Rio's drafts are ready

Rio drafted a short hello email for The Arc of San Antonio, the Down Syndrome Association of South Texas, Texas Parent to Parent, and Region 20 (ESC-20) parent services — each asks to be added to the resource list they give families, with your "What Southern Oak Offers" sheet attached. Read them, say "send," and Rio sends them from your email — or hands you the text to send yourself, your choice.

---

Already in motion — nothing for you to do: HHSC Community Partner Program (screening, MOU next), Morgan's (The MAC) referrals, 2-1-1 Texas listing, Texas Care Rx partnership.
