Southern Oak Financial & Wellness

What We Offer — for 2-1-1 Texas listing • Jessica Alvarez, Owner & Advocate
Special Needs Disability Consultant & Advocate

WHO WE ARE

A small, family-hearted business that helps families who have a child or young adult with a disability. We explain hard systems in plain words — Social Security benefits, medication costs, and family budgets — and we walk with the family step by step. **This is our specialty: building a personal plan for each child, ages 5–26, for the road to 18 and beyond.**

WHAT WE OFFER

- **Personal Plans for Your Child (ages 5–26)** — a written plan made for one child: benefits, school, money, and next steps, with guidance through the year.
- **SSA Help — SSI, SSDI & DAC** — we explain the process in plain words, help families gather the right papers, and guide them as they apply and through appeals. The family files; we guide.
- **Medication Assistance** — a free check of a family's medications, and help finding lower-cost options and assistance programs.
- **Budget Help** — a simple, honest look at a family's monthly bills, with tools to call bill companies and ask for lower prices.
- **Life Insurance Guidance** — plain-words help for parents and caregivers, including Living Benefits that can pay while a person is living after a serious illness or injury.
- **Free Classes for Parents** — free Zoom classes that teach SSI, SSDI & DAC basics and other family topics in plain words.

WHO WE SERVE & WHERE

Families of children and young adults with disabilities, **ages 5–26**, in **San Antonio, the Rio Grande Valley, and surrounding cities**. All services are **virtual / online only** — by phone and Zoom — so families can be helped from home. **English and Spanish.**

COST

The **first consultation is always free**, the medication check is free, and parent classes are free. Other services have **flat, low prices, shown upfront** — priced from the family's income, with no hourly billing and no surprises. Southern Oak is a for-profit small business; support from the community helps us keep prices low and the first talk free.
