The Southern Oak Family Planning Blueprint

One firm. One plan. Every part of your family's future — benefits, protection, medication, money, and the road to 18 — under one roof, at prices middle and low income families can afford.

OUR PROMISE — "We plan your family, and your child's road to 18 and beyond."

1 · ONE FRONT DOOR — every road leads here

Free Initial Consultation (Zoom) + Booking Intake. Families find us by referral, a class, a post, or a partner — every path ends at the same free first step. The intake must be filled out before the appointment, or the appointment is moved. No other door, no confusion.

2 · ONE WRITTEN PLAN — from what we see in the intake

We look first: who it's for, the services checked, what is already in place (guardianship, waiver, living, transportation, trust, ABLE, POA), and the biggest concern. Then we offer the plan that fits — **Plan A Family · Plan B Child Only · Plan C Transition to 18** — priced by the 1-2-3 rule: one straight price, one complete package, or more than one need with the TOTAL in writing first. Steps $10 · Guidance $26 · Complete Package $50.

3 · FIVE PILLARS UNDER THE PLAN

SSA BENEFITS	LIFE INSURANCE	MEDICATION HELP	BUDGET & CREDIT	TRANSITION TO 18
Child & adult applications, steps, packets, denials → attorney connection	Protection plans: Term & IUL, Living Benefits. No fee until a policy is approved	Free check: GoodRx, Cost Plus, maker help. Forms free if on our list	Analysis + 1 dispute $150, Essential Repair $89/mo cancel anytime. Budget first, always	Ready at 16–17: adult rules, decisions, ABLE, waiver lists, living & rides

4 · EDUCATION BRINGS THEM IN — one free Zoom class a month (Benefits 101 · Transition Success · Medication Savings · Credit Basics) + daily posts & videos. Teach first; trust does the selling.

5 · A PARTNER TEAM — we don't do it alone

Special needs attorneys (denials — no upfront fee, and trusts/guardianship) · Jennifer Parrott & Uniquely You magazine · AACOG / LIDDA (waivers) · schools, clinics & hospitals (referrals both ways). Partners send us families; we send families to partners.

6 · FAMILIES STAY FOR YEARS — the plan is never "done"

A child becomes 18. A medication changes. A credit goal becomes a home. Guidance appointments ($26) keep the plan moving, and every family gets an **Annual Plan Review** — same intake questions, one year later: what's in place now, what's next. That is how a $10 first step becomes a family for life.

Our difference: big planning firms charge planning fees and sell investments. We plan the same whole future — English and Spanish, online, email-only — at $10, $26, $50, $89/month, $150 — and plans at $399. Help people can afford, from someone who has lived it.

Office Playbook — How The Blueprint Runs

The family journey, in order. Every client follows the same road — that is what makes the business simple to run.

The journey

• **Find us** — referral, Uniquely You, a monthly class, a post or video. All roads point to the free consultation.

• **Book + intake** — free Zoom booked; intake filled out before the appointment (or it is moved).

• **We look** — read the intake: who it's for, needs checked, what's in place, biggest concern, where they are in the process.

• **We offer** — Plan A, B, or C, priced by 1-2-3, total in writing, warm and no-pressure (EN/ES scripts on the 1-2-3 office page).

• **They choose** — Steps $10 on their own, or Steps + guidance $26 as they need it. Complete Package $50 when the full packet fits.

• **We stay** — guidance when stuck; Annual Plan Review every year; transition families roll from Plan B into Plan C, then adult.

• **They send others** — a family with a plan tells other families. Send a Referral stays one tap away, always.

Built already ✓

• Front door: Calendly free consultation + online Booking Intake ✓

• The plans: Plan A Family / Plan B Child Only / Plan C Transition to 18, with client Steps sheets ✓

• Pricing: 1-2-3 Packages sheet (client + office pages) ✓

• Pillars live: SSA, Life Insurance, Medication (free check + 502-medication list), Credit Repair ✓

• Partners started: special needs attorneys (denials), Jennifer Parrott / Uniquely You, AACOG LIDDA ✓

Next to build — in this order

• **Letter of Intent page** for the Family Plan — the family's own words: their hopes, who helps, what matters. (A fill-in version already exists in the Transition Starter Kit — pull it into Plan A.)

• **Monthly free Zoom class** — pick the first topic (Benefits 101 is the strongest door-opener) and a set evening; every post that month points to it.

• **One estate attorney partner** — for special needs trusts & guardianship referrals, so the 'fill what's missing' step has a name attached.

• **Annual Plan Review offer** — add the review appointment type ($26 guidance covers it) and a simple 'one year later' email.

• **Budget basics sheet** — a simple one-page family budget step for the Budget & Credit pillar, next to the credit plans.

Guardrails

• Never invent a price, a partner, or a promise. No guarantee of approvals — say it every time.

• We are not attorneys and not securities/investment advisors — planning education and advocacy, with licensed partners for legal and policy work (insurance through PFA/NLG/Foresters under Jessica's license).

• Credit pillar: Texas CSO registration is still an open item — check its status before enrolling new credit clients.

• Client texts stay draft-only through Jessica; she signs in to her own accounts; office-only material stays in the office.
