Southern Oak Financial & Wellness builds your plan from what we see in your intake. This agreement says which plan you chose, what it costs, and how payment works — in plain words, all on one page.

How payment works

• **First monthly payment — due when you sign this agreement.** When it is paid, we start building your plan.

• **We provide your plan after your first payment.** We deliver your plan and hold your delivery Zoom — your membership year starts that day.

• The rest of your payments are monthly — 12 monthly payments in total. If a monthly payment is missed, your membership pauses until payments are current again.

• Payments go through Square. Your price is the total on this page — no extra charges, ever, for your plan build.

What happens, step by step

1. You sign this agreement and make your first monthly payment. 2. We build your plan from your intake (we will email you if we need a paper). 3. We provide your plan and walk through it with you on Zoom — your membership year starts that day. 4. You keep paying monthly (12 payments in total), email us your questions any time, and tell us when life changes — we update your plan during your year.
