WHAT HAPPENS NEXT?

After Your Online SSA Application

Your application has been submitted. Social Security (SSA) will now review it. This takes time — here is what to expect, and what to watch for.

1. Save your reference number

Keep your confirmation / reference number in a safe place. You may need it if SSA asks about your application.

2. Check your status online

Sign in to your my Social Security account at ssa.gov/myaccount. Checking every two weeks is recommended — your status will not change every day.

3. Watch for your phone interview

SSA will send you a notice by mail or email with the date and time of your phone interview. Write it down, do not miss it, and be ready with your documents nearby.

4. Return any forms right away

After your interview, SSA may send forms to complete, sign, and return — often by fax, following the instructions on the form. These forms have deadlines, so do not wait. Keep copies of everything you send.

5. Go to any exam SSA schedules

If SSA asks you to see one of their doctors, please go. SSA covers the cost. Just follow the letter they send you for the date, time, and what to bring.

6. Wait for SSA's decision by mail

SSA will mail you a letter with their decision. Please be patient — this can take time. If you are denied, email us right away. Do not let the appeal deadline pass. We can connect you with special needs attorneys who can further assist you.
