Plans & Prices — What You Get at Each Level

Jessica Alvarez • San Antonio, Texas • Reports and tracking through Experian

Start with the Action Plan if you only want to know where you stand. Choose Basic if you want the first dispute done for you. Choose Essential if you want the full repair worked round by round, one round at a time. Every plan follows the signed agreement and the client rules in the Client Forms Packet.

1 — Action Plan — \$49 One-Time Fee

What I provide you: an audit of your Experian report and a written plan you keep — no disputing is done for you in this plan.

- Pull and review your Experian report, account by account.
- A written list of every negative item, marked: **error** / **outdated** / **unverifiable** / **accurate**.
- Your **personal Action Plan**: which items to dispute first and in what order, and what proof to gather for each one.
- A balance & utilization plan — which cards to pay down first to help your score while you repair.
- A short review call or message walking you through the plan, so you know exactly what your next 30 days look like.
- **Fee:** \$49 one-time, charged through Square (plus the 3.5% service fee) only after your Action Plan is delivered. Credited toward Basic or your first Essential round if you continue within 14 days.

2 — Basic Plan — \$99 One-Time Fee

Everything in the Action Plan, plus I do your first dispute for you. What happens first, in order:

- **Step 1:** you sign the agreement and submit your start documents (ID, Social Security card copy, proof of address, Experian access).
- **Step 2:** I pull your Experian report and complete your audit and Action Plan.
- **Step 3:** together we pick the priority items for Round 1 — up to **5 items**.
- **Step 4:** I prepare and send your **first dispute** to Experian (and to the creditor/collector directly when the error is theirs), with your ID and address proof enclosed. You get copies of everything sent.
- **Step 5:** Experian has about 30 days to investigate. When the results come in, I review them with you in plain language and tell you the honest next step.
- **Fee:** \$99 one-time, charged through Square (plus the 3.5% service fee) only after your first dispute has been sent and your copies delivered. The \$49 Action Plan fee is included — you do not pay both. One dispute round only; further rounds are Essential

(below) or a new Basic round by agreement.

3 — Essential Repair — \$89 Per Finished Round

The full repair, worked for you one round at a time — up to 3 dispute rounds. Each round is its own job, with its own one-page order. You pay only after that round is done, and you can stop after any round.

- Everything in Basic: audit, Action Plan, and Round 1.
- **Up to 3 dispute rounds total** — items that come back “verified” but are still wrong are re-disputed with new information or a method-of-verification request.
- Disputes to Experian, plus direct letters to creditors/collectors where needed; copies of everything for your file.
- A **progress update after each round**, and a results review within days of every bureau answer.
- Credit-building coaching along the way: balances under 30%, on-time payments, no new applications while we work.
- **Fee:** \$89 per round, charged through Square (plus the 3.5% service fee) only after that round is finished — letters written, approved by you, mailed, and copies given to you. Never upfront. You can stop after any round and owe nothing more. Most clients finish their 3 rounds in 3-5 months.

Honest terms: no plan guarantees that an item will be removed or that a score will rise by any amount — results depend on the bureaus, the creditors, and you following the client rules. You always have the right to dispute your own reports for free. Fees are charged only after the work they pay for is done. see the Credit Repair Package sheet.
