The Gift of a Clear Plan — Speaker Notes

Friday, December 11, 2026 · 6:30–7:15 PM CT · Live on Zoom. Teaching runs about 35 minutes (slides in order), then questions to minute 45. Read the notes in your own words — they are a guide, not a script.

Slide 1 — Title / Welcome

[Minutes 0–2] Welcome everyone. Say: December is busy, so tonight is short and useful — we get your family's papers and plan ready so January starts calm. No cost, no sales pitch. Questions at the end; registered questions first.

Slide 2 — Tonight's Road Map

[Minutes 2–3] Read the road map. Tell them the papers list is the part to write down — or take a photo of the slide.

Slide 3 — What Is a Personal Plan?

[Minutes 3–7] This is Southern Oak's specialty, in plain words. Families carry all of this in their heads; a plan puts it on paper, in order, so nothing falls through the cracks.

Slide 4 — How a Plan Is Made

[Minutes 7–11] Walk the four steps slowly. No prices tonight — the first talk is free, and every family's plan is different, just like every child.

Slide 5 — No Two Plans Are the Same

[Minutes 11–14] Use the three ages to make it real. This is Jessica's own line: no plan is the same, just like every disability. Ask families to think about which age fits their child.

Slide 6 — Your Year-End Benefits Check-Up

[Minutes 14–18] Gentle and practical. Letters from SSA often have deadlines — opening them is step one. If a letter is confusing, that is a free-talk question.

Slide 7 — Turning 18 in 2027? Start Now

[Minutes 18–22] Turning 18 is one of the biggest change points. Families with a 17-year-old should start in January, not the birthday month. Offer the free talk for their family's dates.

Slide 8 — Papers to Gather Over the Holidays

[Minutes 22–27] Read the list slowly — this is the photo-the-slide moment. One folder, five things. Having these ready makes every filing and every appointment easier in 2027.

Slide 9 — Medication List Refresh

[Minutes 27–30] A clean list helps doctors, SSA, and the family. And the check is free for everyone — say it plainly.

Slide 10 — Protecting the Parents

[Minutes 30–33] Handle with care — this is education, not a pitch. The point: a child's plan is only as strong as the parents' protection. Invite questions at the free talk.

Slide 11 — Your January Small Steps

[Minutes 33–35] End teaching with doable steps. Three things, one month. Then questions.

Slide 12 — Questions

[Minutes 35–45] Registered questions first, as promised. Keep group answers general; private details belong in the free talk.

Slide 13 — Thank You — and Merry Christmas!

[Close] Wish them a Merry Christmas and a calm start to 2027. Remind them: the first talk is free, and we will be here in January.
